

GENERAL RULES

Strategize your locations well for the playing time and maximum possible points. Certain places close earlier and may thus need to be visited first. For each location you go to, there is an initial key question you will need to answer in order to prove you have arrived at the right place. Each key question is worth 300 points. Answers to these questions should be text messaged to headquarters at 152 0164 0043 / 137 1855 6089. When you've answered correctly, you will then receive instructions about which red envelope to open for your challenge.

You may visit as many sites as you'd like for the duration of the evening. The team with the most total points after the deadline will win a special prize, as well as free drinks at the Friday post-crit award party.

If you are having any trouble with finding any of the locations, call the HouHai'd Helpline at 1511 6915 411.
